Registration Re-Open for 2020-21 Season

Friday, September 25, 2020

Hello Everyone,

We are now able to reopen Registration for the 2020-21 season. We again apologize for the delay and appreciate your patience while we fine-tuned the system. The Registration can be accessed at the following address: <http://nihoa.arbitersports.com/front/107166/Site> and will open up in a new pop-up window (if you have pop-ups blocked, you will need to enable that in your browser before completing the registration).

While in the process of registering, you might see a screen listing multiple National Registrations (it will look like National (2020-2021 repeated a bunch of times). Please ignore and continue with the registration. If you have any issues, please send an email to registrar@nihoa.com.

Again, we want to stress that we use ProPay for all of our credit card transactions and that they were not involved in the issues Arbiter has had in the past.

Thank you for your understanding and patience.

Truly,

Your NIHOA Executive Committee
